Howdy Pards and Pardettes!

Welllllll Doggies! We had a pretty decent shoot last weekend to start the season off right! The weather could have been a bit warmer and less windy but we ain't complainin'! At least we weren't dodging lightning and up to our rear end in mud! And just like every starting shoot of the season, some of the guns didn't want to work right, some of the ammo didn't want to work right, and some of the people were plenty rusty! But I think by the end of the shoot, we got the kinks worked out and folks were blazing away like normal.

## RANGE WORK

We continue with various range projects. Let Spenerdy know if you want to come help out. We have more fun than work on our workdays. Two projects coming up are the roof on the livery and the floor in the mercantile.

## SPOTTING HITS AND MISSES

Some folks were struggling with spotting/counting for the shooters last year so I'm going to post this helpful guidance once again. Safety first! Here are the words you know and love:

- If you think it is a hit, it is a HIT.
- If you think it is a miss, it is a HIT.
- If you can't tell if it is a miss or a hit, it is a HIT.
- If you just didn't see it clearly, it is a HIT.
- If you didn't hear it hit the target, it is a HIT.
- If you didn't see the target move, it is a HIT.
- If you are unsure about the shot in any way, it is a HIT.
- **IF YOU KNOW IT IS A MISS, WITHOUT ANY SHRED OF DOUBT IN YOUR MIND, THEN, AND ONLY THEN, IS IT A MISS.**

## THANKS!

Times are tough, we know! Getting ammo rounded up and coming to a shoot is even tougher! We sincerely appreciate each and every one of our shooters coming out to see us every month. Let us know if there is any other subject matter you would like to see in the newsletter. We love our cowboy and cowgirl friends and are looking forward to seeing your smiling faces at the shoots this year!

See you on the trail!
