## Range and Club News

Howdy Pard and Pardettes!

Really sorry that we had to cancel our first shoot of the season this year. It seems Old Man Winter just didn't want to turn loose of his icy grip on our range this year!! A week before the shoot we had a few inches of snow and rain and there was no way we could get the range ready in time. It would have been unsafe and not up to our high standard of quality. However, our May shoot is stacking up to be a good one!

Many of you have approached me in the past year about work days and volunteering to help out when possible. We truly appreciate any help, no matter how little or how much, to keep our range running and to give everyone a nice experience once a month!

I'm announcing a **WORK DAY on Saturday May 5<sup>th</sup>**. Please come and help if you want to help set targets and a few other odd jobs. It's also a great time to catch up on all things cowboy!

Lenny and Gary and I did some work on the range this last weekend and now that winter is finally releasing it's grip, the range is looking good. Come and see how we are working SMARTER....not harder. If you have some ammo you wish to try or a gun you wish to test after the stages are set, don't forget to bring your gun and ammo to the work day to mix work with pleasure! Gives a great opportunity to work out the dust and the cobwebs from winter!!

Thanks for all your support and I hope to see some of you this weekend!!

Let me or Lenny (Spenerdy) know if you have questions or just want to check in before the work day on what may be needed.

As you know, in May we also have our Cowboy Flea Market! So, if you have extra of anything that you are wanting to sell or if you are in the market for some new duds...this is the shoot you don't want to miss!

### **Don't forget:**

The waters of life taste a whole lot better when you drink UPSTREAM of the herd!

See you all on the trail!!
