

# What's New?

August 24, 2020

---

Howdy Pard and Pardettes,  
Wishing excellent health for you and your's in 2020!

The August shoot is in the books and although it was a bit warm, we brought out the "Cowboy Air Conditioning" and it made all the difference. Ice cold bottled water in the coolers kept us hydrated. Nice fast stages were fun and still gave a bit of a challenge to some of us. Each month we pick up a few more shooters. We appreciate it and are glad you can come and have some fun with us.

September will be more of the same fun, with hopefully cooler temperatures! And don't forget that in October we plan to have our monthly shoot in conjunction with our YOUNG GUNS stages! Young Guns is something we started a couple of years ago. People may choose the "young guns" posse when signing up at registration. And that's where things change. The Young Guns posse will shoot all the same stages but with extra and much more challenging twists and turns to every stage. Remember some of the goofy stages you may have shot 20 years ago and that is the goal of Young Guns. Come out and have some old fashioned Cowboy Action!

A special hats off to a great shooter and demonstrator of "Spirit Of The Game" this month:

## Captain Jim Midnight!

You are always welcome at our campfire! Thanks for your great attitude and sacrifice for the game!

Rifle Raffle: Say that five times real fast! We are raffling off a nice '73 straight grip in .357. Come to the shoot and put in your cash. We plan to draw for the rifle at the January banquet. Only two shoots left this year, be sure to come out and get your tickets into the box! \$10 per ticket or 3 for \$25.

COVID News:

We've opened up the sale table and there were lots of sale items this month. Some folks got some good bargains!

We have lots of hand wash stations and sanitizer, just use your best judgement. We value our friends.

### RANGE NEWS

Spenerdy has been ramrodding the upgrades to The Lost Lady Saloon and we are hoping to have it ready to shoot soon. Next will be a new roof on the Last Chance Outhouse. If you want to lend a hand, please contact Spenerdy for work days/times.

### IT'S AN ELECTION YEAR

Our rights are under attack more than ever this year. The choices for president and congressional representatives are clear for gun owners. Do your research. Make sure you are a member of the NRA or other gun rights organizations and clubs. If you value gun ownership, which guarantees ALL the other rights we enjoy, then you will know what to do. Free speech, freedom to assemble, freedom to address grievances, all of it can be taken away by a tyrannical government. If it weren't for that pesky 2<sup>nd</sup> Amendment (to the would-be tyrants of our country) that ensures our God given right to keep and bear arms, you would have lost your rights a long time ago. You could say that the 2<sup>nd</sup> Amendment is the "teeth" in our bill of rights. Without it, we would be a third world dictatorship and in constant war. Your quality of life depends on it. Make no doubt, your freedoms were paid for by the blood of our ancestors who fought in every major war since the Revolutionary War. That was the war when "WE THE PEOPLE" in the new United States of America declared our independence from the tyrant who was running the most powerful kingdom on the earth at that time.
