

What's New?

October 05, 2020

Howdy Pard and Pardettes,
Wishing excellent health for you and your's in this, the remainder of 2020!

First thing, I'd like to thank all our friends who showed up to shoot in September. We had nice weather and a great time shootin'. Some folks even got a bargain or two on the sale table! Our next shoot in October will be the last one of the year so don't forget!! We appreciate it and are glad you can come and have some fun with us.

And don't forget that in October we plan to have our monthly shoot in conjunction with our YOUNG GUNS stages! Young Guns is something we started a couple of years ago. People may choose the "young guns" posse when signing up at registration. And that's where things change. The Young Guns posse will shoot all the same stages but with extra and much more challenging twists and turns to every stage. Remember some of the goofy stages you may have shot 20 years ago? That is the goal of Young Guns. Come out and have some old fashioned Cowboy Action!

Rifle Raffle: Say that five times real fast! We are raffling off a nice '73 straight grip in .357. Come to the shoot and put in your cash. We plan to draw for the rifle at the January banquet. Only two shoots left this year, be sure to come out and get your tickets into the box! \$10 per ticket or 3 for \$25. We also had on display a great print of a Saloon scene with all your favorite western movie stars in character! It's a fun conversation piece and will be auctioned off at the banquet.

COVID News:

We've opened up the sale table and there were lots of sale items this month. Some folks got some good bargains! We have lots of hand wash stations and sanitizer, just use your best judgement. We value our friends.

RANGE NEWS

Spenerdy and the "wrecking crew" have finished the repairs to The Lost Lady Saloon! Hopefully we will be shooting there in October! Next will be a new roof on the Last Chance Outhouse. Once again, our main lawnmower broke down, this time Surly Bob is replacing all the steering linkages. We cut a lot of grass every year! If you want to lend a hand, please contact Spenerdy for work days/times.

IT'S AN ELECTION YEAR

Our rights are under attack more than ever this year. The choices for president and congressional representatives are clear for gun owners. Do your research. Make sure you are a member of the NRA or other gun rights organizations and clubs. If you value gun ownership, which guarantees ALL the other rights we enjoy, then you will know what to do. Free speech, freedom to assemble, freedom to address grievances, all of it can be taken away by a tyrannical government. If it weren't for that pesky 2nd Amendment that ensures our God given right to keep and bear arms, you would have lost your rights a long time ago during the Clinton administration! You could say that the 2nd Amendment is the "teeth" in our bill of rights. Without it, we stand to be a dictatorship not unlike Russia or China. You want to go to war for the benefit of a small group of elite tyrants? Your quality of life depends on it! Make no doubt, your freedoms were paid for by the blood of our ancestors who fought in every major war since the Revolutionary War. That was the war when "WE THE PEOPLE" in the new United States of America declared our independence from the tyrant who was running the most powerful kingdom on the earth at that time.

Now the modern tyrants are at our doorstep trying to undermine our 2nd Amendment, so they can have full control of your lives, to complete the socialism of the United States. You can expect them to use your sons, daughters, and grandchildren to fight wars intended for the globalism of the world. This is in spite of the fact that no socialist country has ever prospered in the human history of the world. In spite of the fact that every socialist country in human history often murdered millions of their citizens who didn't have the same political viewpoint or were found to be inappropriate for the tyrant's warped vision of the world. They tell you that your puny self with your puny gun can't fight the full force of the government, with their missiles, rockets, bombs, planes, ships, tanks, and other implements of war – so you should just give up the fight for freedom.

Well, don't you believe it. Don't let anyone tell you that a patriot and his rifle can't change the world. If you don't believe me, you can ask any real US Marine about that. They are the authorities on what you can accomplish with a rifle.

And in 1874, a buffalo hunter named Billy Dixon shot a war mongering Comanche medicine man from over 1,500 yards with a buffalo rifle and ended a Comanche Indian war. A Cowboy and his rifle can change the world!

Much Obligated to those of you who help keep our range groomed, open, and who support our second amendment freedoms. You are the true Patriots!

Your Pard,

Surly Bob
Marshal, Nebraska Territorial Rangers

And Remember:

“There ain't no horse that can't be rode, and there ain't no man that can't be throwed!”

“Kickin' never gets you nowhere, unless you're a mule!”

“Hee Haw”!
